8. *Interest on loans.*—Notes are sometimes in mortgage offered. One gin per rupee per annum on loans secured by deposits and on loans on the mortgage of immovable property and 14 pice per rupee per annum on mortgages and other loans. These notes have been brought into force since March 1911 and are, thus, of force in the present report presented. The society's action in reducing the rates of interest is commendable. The amount added and credited to the profit and loss account is as shown below:—

Interest received .. .. .	81. 6. 7
Interest amount during the year and pending collection .. .. .	278 14 8
	71 5 4
Total .. .. .	491 5 1
Deduct amount pending realization at the close of the previous year .. .. .	79 7 4
Balance to be credited to the Profit and Loss account .. .. .	376 11 9

9. *Defending members.*—There were only seven cases of default and they were entered in paragraph 7 above. The amount due under principal was Rs. 37-2-7 and that due under interest was Rs. 4-12-3. Deferrals were demanded payment by notice and the society's action was prompt.

10. *Settlement charges.*—In addition to the establishment already started in the previous year one clerk on Rs. 14, six sub-clerks on Rs. 8 and a clerk on Rs. 2 were introduced during the year. This additional establishment was necessary to enable business at the newly opened branch at Ponnaiyer. The pay of the Secretary has also been increased from Rs. 72 to Rs. 83 with a carrying allowance of Rs. 10 and the pay of the Chief Assistant has been made a graded appointment Rs. 35-3-40. The existing scale of establishment cannot be considered lavish inasmuch as the volume of business is every month in part after year increasing enormously. During my visit, I observed that the work assigned to each clerk was heavy. In this connection I may draw attention to the heavy proposition brought by Mr. C. S. Krishna Rao, Engineer, as printed in page 11 of the 15th report of the society which runs as follows: That in view of the heavy work on the employees of the society in the several branches some arrangements be made to lighten the same in those cases to be given according to the Rs. 10 and the pay of the Chief Assistant has been made a graded appointment Rs. 35-3-40. The amount of the extra. The total amount paid during the year was Rs. 10,815-4-16. The amount pending payment at the close of the year was Rs. 18-2-2, while the amount pending payment at the close of the previous year was Rs. 4-5-4. The amount thus debited to the profit and loss account is Rs. 13,827-11-4. I am satisfied that there were proper requirements for all payments to the office staff.

11. *Contingent charges.*—A sum of Rs. 2,825-12-5 was debited for the whole year under contingencies. Of this amount, Rs. 2,011-11-2 pertained to the house rent paid, Rs. 152-4-4 to taxes and fees and the remaining amount consisted of printing and stationery charges and repair and removal charges. All the charges were incurred as a matter of necessity and supported by vouchers.

12. *Adjusting heads.*—Under this head come the following sub-heads:—

(a) *Deposits account.*—A sum of Rs. 15-15-6 was pending adjustment at the beginning of the year. During the year, the amount added was Rs. 2,876-7-6 and that paid was Rs. 320-12-1. So the sum pending adjustment at the last day of the year was Rs. 26-8-5.

(b) *The Trifolium Literary Society Fund.*—The amount to the credit of this fund at the beginning of the year was Rs. 1,155-21-7. During the year, Rs. 41-5-7 was added and Rs. 55-5-6 was paid off. Therefore, the amount due to the fund at the end of the year was Rs. 1,141-9-2.

(c) *Shareholders deposits.*—The liability under this head at the beginning of the year was Rs. 1,618-1-1. Of this, a sum of Rs. 825-3-3, pertained to the dividend accounts shown in the previous report. During the year, the adjustment under credit and debit entries was Rs. 127 and Rs. 79-28-4, respectively, so that, the amount to the liability of the society at the close of the year was Rs. 1,410-4-2. The details in regard to this account are not clear. The annual company (such as) as well as the dividend, trade advances account, etc. The liability under this head is a large amount. If the annual account be debited for some of particular important expenses, the society should determine the nature of its reports. As most of its forms of modified dividend, and trade advances accounts it is suggested that it may be credited to Reserve fund account.

(d) *Advances due by the society.*—The amount outstanding against the society at the commencement of the year was Rs. 5-14-0. Rs. 58-8-0 was credited and Rs. 14-8-0 was paid off. The amount of liability at the end of the year was Rs. 54-5-0.

(e) *Cash order due to payees.*—A sum of Rs. 6-8-0 was, under this head, due payment in 1912 June 1912.

(f) *Advances due to the society.*—A sum of Rs. 474-5-10 was pending recovery at the beginning of the year. During the year, Rs. 14,758-8-4 was received and Rs. 12,514-12-0 was adjusted. Therefore the amount pending recovery at the end of the year was Rs. 2,618-14-6.

(g) *Investment in the Madras Co-operative Bank, Limited.*—A sum of Rs. 11,000 was outstanding against the bank at the beginning of the year. During the year a sum of Rs. 375 was added to it by way of interest, so that the amount due to the society from that bank on the last day of the year was Rs. 11,375.

(h) *Amount in the India Bank on short notice deposit.*—During the year a sum of Rs. 10,000 was deposited and the same was outstanding against that bank at the close of the year.

(i) *Advance for printing annual report.*—In sub-section (A) of paragraph 12 of the previous year's report, a sum of Rs. 215 was shown as an asset due to the society on the last day of its previous year. The same was, during the year, debited to contingencies by way of adjustment.

13. *Stock issued.*—The transactions under this head increased enormously in 1912-13 as compared to the previous year. The figures under purchase and sales for 1912-13 were Rs. 4,491-12-6 and Rs. 4,041-12-6, respectively, while the figures for 1911-12 were Rs. 3,550-5-3 and Rs. 4,200-12-11, respectively. The increase is a great success due to activities of the Directors and to their able Secretary in securing better articles for sale. The members of the Testing Committee

materially and the articles received in the Head office; they scrupulously reject such as are rotten and worthless. The following table exhibits the transactions of the year under report:—

It was by mistake included by me in the figure against goods refunded instead of furniture refunded. The result was that the gross profit on sales was skewed. The mistake was found out subsequent to the submission of my audit notes. This will be rectified in the audit of the current year's accounts.

15. House property.—The society owns two houses, one in Trillick and the other at Southport. The latter was bought during the year under report. The value of the old house at the beginning of the year is estimated in the previous year's report was Rs. 10,000-0-0. The value of the house bought during the year was Rs. 4,800. Thus the total value of house property came up to Rs. 15,000-0-0. Deducting Rs. 480-1-8 as amount of depreciation, the value of the house at the end of the year was taken to be Rs. 14,519-1-4.

.. ..	6,939	14 7
.. ..	281	9 5
.. ..	4,741	7 1
The amount that should have been added out of the profits of 1911-12 was .. ..	8,525	5 7
Total .. ..	79	1 0
Withdrawals .. ..	78	1 0
Balance .. ..	1	0
* The amount actively advanced was .. ..	1,200-8-8	81-1-8

On the last day of the year under report, there was as shown above to the credit of this fund a sum of Rs. 8,547 5-5. To this a sum of Rs. 895-12-10 was also added as interest accrued. The total of the fund thus came up to Rs. 9,442-5-5. Out of the profit of the year under report a sum of Rs. 4,726-1-11 is due to it (vide paragraph 17 (c) *supra*). If this is entered to be added, the account good fund will be Rs. 14,168-6-2.

#### 28. Reserve fund.—The state of the Reserve Fund is as shown below:—

	In Port Office.	In General Fund.
On 30th June 1911 there was .. ..	23	5 11

That the total amount to the credit of the Reserve Fund was Rs. 2,138-18-0. The Reserve Fund account in the Port office was closed and the amount therein was withdrawn and included in the amount in the general fund of the society. To the extent which stood to the credit of the Reserve Fund, viz., Rs. 2,138-18-0, the sum of Rs. 4,618-7-0 should have been added as per previous audit order. So, the sum that should have been credited to the Reserve Fund was Rs. 12,756-5-8. Out of the profit of the year under report, this fund claims the following items:—

	Rs.	A.	P.
(1) Entrance fee and club contributions .. ..	127	4	8

If this sum of Rs. 5,615-3-5 is added to Rs. 12,756-5-8 which stands already to the credit of the reserve fund it will increase to Rs. 18,159-4-2.

19. *Amalgamation*—An enquiry occurred two general and eighteen committee meetings, of which three of the latter were adjourned for want of quorum.

20. *General*—In addition to two branches (including at least one) working on the last day of the previous year, a new branch was opened at Portcharter and this in itself was sufficient to show the increasing popularity of the institution. Fast improvement in the administration has been shown in accordance to the needs of the members promptly and by securing for them better and more wholesome articles than those available in the market. Accounts presented are well maintained. The month selected during the year when great credit upon the Expenses and the Secretary.
